CONSTANCE WT - Solventborne Paint

BENEFITS

Product Characteristics

CONSTANCE WT is an aromatic free solvent based paint, ready for use. Product is based on acrylic resins and suitable for all kinds of application and every types of stripe. Compliant to EN - NF 1436 & EN - NF 1824.

2 certifications to attend road and urban needs:

Atempo 1RH957S1 1 000 000 wheel-overs (P5) & High Day Visibility (Q4)

Agripp' 1RH958S3 1 000 000 wheel-overs (P5) & Urban Anti-skid (S3)

Main Performances

Excellent durability (P5)

Good retroreflectivity in both certificates

Reduce product diversity (1 Constance WT for 2 certifications)

Improve stock management

A marking material combining performance and sustainable development.

Toluene free solvent.

Low VOC and non aromatic solvent based paint.

Life Cycle Analysis (LCA) to standard ISO 14044 available.

TECHNICAL INFORMATION

Product Application

Manual or airless machine (do not dilute the product)

Over dry and clean asphalt.

Maximum humidity : 80%. Application surface temperature $5^{\circ}\text{C} < T < 45^{\circ}\text{C}$.

Cleaning: Solvécol or Solvéo.

For detailed application, refer to Solvant Base Paint Application guidance datasheet.

Physical Characteristics

Density: 1,58 kg/L

Dry extract : 76 %

Packaging and Storage

Packaging: 25 kg

Storage and transport : Dry, frost free place and away from direct sunlight.

Shelf life : 12 months in unopened packaging (from manufacturing date).

Safety & Environment

Product for professional use only. Toluene free solvent.

Soiled packaging and cleaning products should be discarded according to local regulation.

Refer to Safety data sheet (MSDS) on sar.fr.
